Clear stories. Strong images.

Useful work.

Motion Visual Media helps businesses explain what they do, show why it matters, and build trust through story-led film and photography.

The work is designed to humanize a business, support an important launch, strengthen a brand image library, or give a team content it can keep putting to work.

01

Simple process: scope to delivery

Who we serve: founders, professional practices, teams, and growing businesses that need to communicate with more clarity and consistency.

Three ways to communicate *more clearly.*

Choose the level of support that fits the message, the moment, and the number of places the content needs to work.

01 / PHOTOGRAPHY

Brand Photography

STARTING AT \$1,250

Portraits, workplace images, and product photography for websites, press, campaigns, and social channels.

02 / FILM

Brand Films

STARTING AT \$2,500

A story-led film that helps the right people understand what you do, why it matters, and why they should trust you.

03 / RETAINER

Ongoing Content

STARTING AT \$5,000 MONTHLY

Regular production for founders and teams who need useful photo and video every month.

THE PROCESS

Starting rates reflect the public service menu. Final scope depends on the communication goal, intended uses, location, licensing, and production needs.

One production. More places *for the story to live.*
